

# Reload my gun

Set the world on fire  
Destroy – That view can reach  
Separate all the scum  
From earth – today

Rott complete all out  
Scream out – louder than hell  
Burn down house by house  
Control – yourself

**All said and done**  
**Reload my gun**  
**All said and done**  
**Reload my gun**  
**All said and done**  
**Reload my gun**

Bomb by bomb will fall  
Explode – all bricks all walls  
Accept no more No  
Do it – today

Infernal fire will reign  
Betrayed – all men you've seen  
Suffering in endless blood  
Let them – all die

**All said and done**  
**Reload my gun**  
**All said and done**  
**Reload my gun**  
**All said and done**  
**Reload my gun**

Burn the world down  
The bloodbath will never end  
Before my bullets send  
We want ... change

And you know me  
The bloodbath will never end  
And you know me  
Before my bullets send  
And you know me  
The voice of death won't end  
And you know me  
We want ... change
