

Break your mind

We break your mind!!!

Get back to brutality
We walk on line
Welcome to reality
To find out
You walk so proud
You talk so loud
Imagine that we are here
To bring you
Strength and Brutality
Made on this earth
Like Immortalities
We shout out

We break your mind until you die – into our Way!!!
We break your mind until you die – into our Way!!!
We break...mind
We break...your fuckin`
We brake...mind
We brake...your fuckin`

Believe in your liberty
Every day every night
Words of reality
Accesses denied
See it clear
Feel the might
Raise your voice
To sing with
Voice of pain
Guitars of hate
Bass made of steel
Feel the fuckin` drums yet

We break your mind until you die – into our Way!!!
We break your mind until you die – into our Way!!!
We break...mind
We break...your fuckin`
We brake...mind
We brake...We brake your mind...

We break your mind until you die – into our way!!!
We break your mind until you die – into our way!!!
We brake...mind
We brake...MIND!!!

We break your mind until you die – into our way!!!
We break your mind until you die – into our way!!!
We brake...mind
We brake...MIND!!!

We break your mind for one last time until you – die...
We break your mind until you die – into our way!!!
We brake...mind
We brake...MIND!!!

We bring the brutality
Down on this earth
See the fatality
Create the
New state of core
Creation of Pain
Creeps into your eyes
Burns through your – *BRAIN!*

We break your mind until you die – into our Way!!!
We break your mind until you die – into our Way!!!
We break...mind
We break...your fuckin`
We brake...mind
We brake...
We brake your mind!!!
