

No hate

I feel it one more time – but I couldn't believe
On Sunday morning I wake up – and then I receive
This message of death I hear – I could hardly breathe
Introducing the one upstairs – Tell him that I don't agree

Come on...

You're the one, you're the one – I destroyed

No hate – I'm disgusted to be

No hate – I'm disgusted when I see

No hate – I'm disgusted to be

No hate – I'm disgusted when I see

No hate on me – No hate...

No hate – just...

No hate

There was a time when I – see your face
But deep inside of my heart – there is your place
Sometimes it burns and it creeps – out of my dreams
Till it reaches the end of acceptance – let my emotions scream

Come on...

You're the one, you're the one – I destroyed

No hate – I'm disgusted to be

No hate – I'm disgusted when I see

No hate – I'm disgusted to be

No hate – I'm disgusted when I see

No hate on me – No hate...

No hate – just...

No hate

I'm feelin' so disgusted
There's something close my mind
View me the waves contrasted
So that I just can find...*No – hate!!!*

NO... HATE!

Come on...

You're the one, you're the one – I destroyed

No hate – I'm disgusted to be

No hate – I'm disgusted when I see

No hate – I'm disgusted to be

No hate – I'm disgusted when I see

No hate on me – No hate...
