

Your system failed

You're god? - You think you've got to be
Your system built on lies that...
Come close, too close, come closer to me
FACE DOWN!
Every day you'll pay - You have to do
Your pain is my fault - Like it?
So far, so good, so what to do?
DON'T BE SO PROUD I SAID!
You're tough, you're sweet - You've got to be
Your system built on this fact...
One face, to face, look down on me
Prepare to ACT!!!

Want me?
You'll got me!
You want me?
Your system failed
Your system failed
Your system failed
Your system failed
Your system...

No one can help you - when I rise
Your life which built on lies break
Count one, count two, count three I'm here
FACE DOWN!
Face down you lie and wait for me
My kick will break your neck like...
One check, two kick, and now you're free
DON'T BE SO PROUD I SAID!
Taste lies make cash you have to do
Your lies can't save you from me
Last kiss, so sweet, last fantasy
Now it's time to DIE!

Want me?
You'll got me!
You want me?
Your system failed
Your system failed
Your system failed
Your system failed
Your system failed...

Beatin` you up this final round
My time will come face higher ground...GROUND!

YOU WANT ME?
YOU GOT ME!
YOU WANT ME?
YOU GOT ME...YEAHH!!!

THAT'S WHY...
STAND...
THAT'S WHY...
STAND...
THAT'S WHY...
STAND...
THAT'S WHY...
STAND...

NOW IT'S TIME TO DIE...

Want me?
You'll got me!
You want me?
Your system failed
Your system failed
Your system failed
Your system failed

FAILED!!!
