

The Machine in you

High processing care – No one is still there
You don't have to think – You can't get out
High processing care – No one is still there
You don't have to think – You can't get out

Stop - this - machine

Living stand still – even when they will
Persons will break – You can't get out
Living stand still – even when they will
Persons will break

*Don't you know
Always there
The machine in you – that's right
Don't you know
Always there
The machine in you – that's right*

THAT'S RIGHT!

Every day you work – They don't know if it hurt's
You're always in time – You can't get out
Every day you work – They don't know if it hurt's
You're always in time – You can't get out

Stop – this – machine

After work is done – you have to run
To your home
After work is done – you have to run
To your home

*Don't you know
Always there
The machine in you – that's right
Don't you know
Always there
The machine in you – that's right*

Can you feel it?
Can you feel it in all of us?
Let's bring the motherfucking machine to breath!!!

The machine in you
The machine in you
The machine in you
That's right
