

Zap me Again

And here we go!!!

What`s wrong with me
Can`t move and just can`t see
Only these sounds I hear
Voices from no...

Zap me again
Bring me to life

Overcast my body with voltage
No Reaction through my – through my vain

Now I remember the day
Was on highway
Lost controll of my car
They just stand their

Zap me again
Bring me to life

Overcast my body with voltage
No Reaction through my – through my vain

What is life for?
Realize the end or?
What is life for?
Realize the end or?

One more time?

Zap me again
Bring me to life

Overcast my body with voltage
No Reaction through my – through my vain

What is life for?
Realize the end or?
