

All hell breaks loose

I've sold it a thousand times - My soul to their mighty crimes of hate
Told them a thousand times - My mind is locked into their world
I've sold it a thousand times - My records to their ninety shades of faith
Told them a thousand times - Oh father hear my voice again
Hear my voice again - Here my voice this time

Walking this path on earth - That's what I deserve
Don't cross my way you bitch - Serve me the famous rich
ALL HELL BREAKS LOOSE - Rise day by day for this
ALL HELL BREAKS LOOSE - That's what the others miss
ALL HELL BREAKS LOOSE - Want my own monument
ALL HELL BREAKS LOOSE - Under the big blue tent

I've walked a thousand miles - Around this world a million lies
Sold them a thousand times - My life into their business, bullshit flies
I've showed a thousand times - My face in their magazines of trends
Told them a thousand times - Oh father let me out of here
Let me out of here - Let me out this time

Walking this path on earth - That's what I deserve
Don't cross my way you bitch - Serve me the famous rich
ALL HELL BREAKS LOOSE - Rise day by day for this
ALL HELL BREAKS LOOSE - That's what the others miss
ALL HELL BREAKS LOOSE - Want my own monument
ALL HELL BREAKS LOOSE - Under the big blue tent

Walking Alone - Walking this Town
Walking Alone - Walking this Road
Walking Alone - Walking this - This Way

Walking alone - walking this town - walking away
Walking alone - walking this road - walking away
Walking alone - walking this way - walking away
Walking alone - walking this town - walking away this time

Walking this path on earth - That's what I deserve
Don't cross my way you bitch - Serve me the famous rich
ALL HELL BREAKS LOOSE - Rise day by day for this
ALL HELL BREAKS LOOSE - That's what the others miss
ALL HELL BREAKS LOOSE - Want my own monument
ALL HELL BREAKS LOOSE - Under the big blue tent
