

What we are

This is it, you know it
Would we go so far?
Choose the way, we're going
This is what we are

Controll
Disgust
Shadows ... Contrast

**And you know us all too
We've walked so far
Is this what we ...
Is this what we ... ARE?**

God gave us, god save us
Level is too high
Destroy all in seconds
Holes destroyed the sky
Corrupt
Destruct
Program ... lost

REFRAIN

Survive this, destroy that
Lead us to dead end
Fight the final frontier
Face the main event
Infect
Detect
Virus ... Death

REFRAIN
